Introducing Thule Tepui

Tepui Outdoors Inc. was founded in 2010 by Evan and Gabriela Currid. While trekking in Venezuela, they came across hundreds of rooftop tents. Inspired by this adventure, they came up with the idea to introduce rooftop camping to a new audience. Their idea: develop rooftop tents that make it easier for more people to get outside and experience nature, without the interference of rough terrain or stormy weather.

In December of 2018, the Thule Group announced the acquisition of Tepui Outdoors Inc. The combination of our industry-leading rack systems with roof top tents made Tepui perfect addition to the Thule adventure camping portfolio.

In February of 2020, Tepui will be rebranded Thule Tepui roof top tents and accessories. As a global leader in the outdoor industry, this rebranding will help to increase consumer awareness and allow for global expansion in this growing segment.

Explore the world

Whether its exploring the scenic views beyond the trail map with family, or enjoying the quiet solitude of the desert at a mobile basecamp, we share your passion for enjoying an active life outdoors.
